

Planning (Scotland) Bill Stage 1 Report

The Local Government and Communities Committee recently published its Stage 1 Report on the Planning (Scotland) Bill. A key point in the Report included acknowledgement of an imbalance in the planning appeals system which the Committee suggested could be redressed by restricting appeals in certain circumstances. The full report can be found [here](#). Scottish Land & Estates has produced a briefing note, if you would like access to this please contact gavin.mowat@scottishlandandestates.co.uk.
